

Additional VAT compliance services for online merchants

In some instances it is not sufficient to file correct and complete VAT returns in order to meet your legal obligations. With our PwC expertise, we offer additional services that would be a meaningful support of your business.

Invoice layout

- We check and advise on the necessary information to be displayed on a valid VAT invoice.

Check of VAT rates

- We determine the applicable VAT rate for the goods sold.

Queries by Tax Office

- The tax office might request further information and explanations, which we answer in a short and precise manner.

Additional services

- We can provide a wide range of additional services that might be required by you, e.g. VAT litigation, advice on the expansion of the business
