

Property Tax App

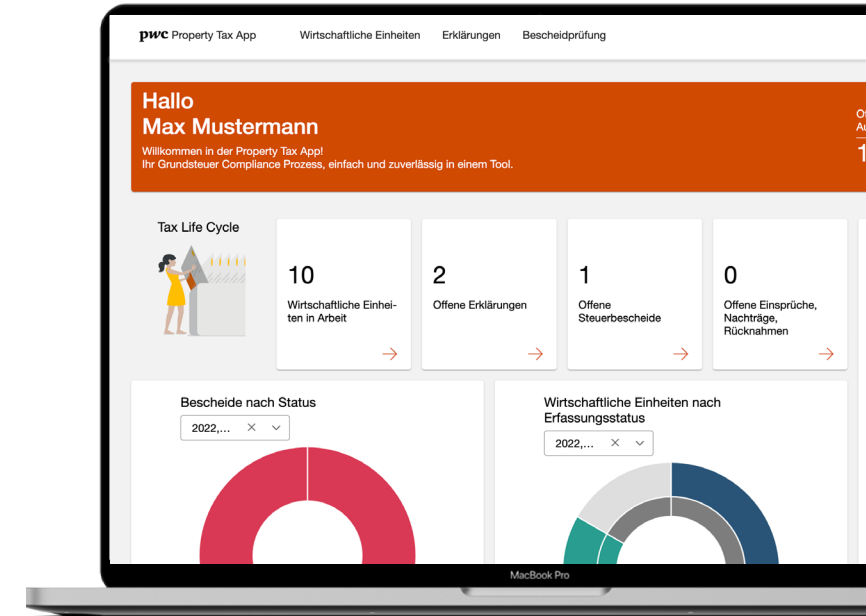

Property tax made easy

Are you looking for a solution for your property tax with minimal resource commitment?

Our property tax experts offer you a holistic approach – from data collection to the preparation of declarations and notifications of change to deadline and appeals management. This is where our Property Tax App from PwC is utilised.

Depending on your needs, we offer you two different service offerings: Managed Service and Software-as-a-Service.

You receive quality-assured compliance from our qualified teams, in line with our Professional Managed Services. An all-round carefree package!

Your advantages are evident:

- ✓ **Focus on your core business:** no or only minimal use of your resources for your property tax process
- ✓ **Expertise combined with state-of-the-art technology:** quality-assured declaration and assessment review by a qualified team – supported, but not replaced, by intelligent technology
- ✓ **Deadlines, deadlines, deadlines:** no in-house risk due to the late submission of declarations or the expiry of deadlines for assessments
- ✓ **After the declaration is before the tax audit:** minimisation of queries, tax arrears and consultancy fees as part of a tax audit through the use of experts
- ✓ **Thinking outside the box:** parallel, efficient preparation of necessary information for business and real estate transfer tax purposes
- ✓ **No hidden costs:** fair and transparent fees with no surprises

Manage the property tax compliance process – intuitively and digitised end-to-end.
