

Peer Group Insights: Benchmark Smarter, Value Faster

Transform Company Valuation with Instant, Audit-Ready Peer Analysis

Key Features

- 01 Global Data Coverage**
Access data on over 50,000 public companies worldwide, updated weekly for comprehensive, reliable insights.
- 02 AI-Powered Peer Selection**
Instantly identify the most relevant peer companies using advanced AI models and current information.
- 03 Automated Valuation Metrics**
Instantly calculate Beta Factors, ratings, WACC, multiples, and more—saving time and ensuring consistency.
- 04 Audit-Ready Reports**
Download standardized, audit-ready Excel reports backed by PwC experts for seamless compliance and review.
- 05 Regulatory Support**
Simplify compliance with complex regulations (IFRS, local GAAP) using standardized assumptions and methodologies.

Who Benefits?

- Mergers & Acquisitions Professionals
- Corporate Finance Teams
- Accounting & Controlling Professionals

How It Works

- > Create:** Use AI to build your peer group.
- > Calculate:** Instantly access key valuation metrics.
- > Consolidate:** Save your peer group and download comprehensive reports.
- > Document:** Receive all findings in a ready-to-use Excel format.
