

Digital Valuation Engine

**Your Digital Solution for Impairment Testing:
Accelerate Your Impairment Testing. Ensure Compliance.
Collaborate with Confidence.**

Key Features

01 Automated, Audit-Proven Impairment Testing
Streamline your impairment assessments for goodwill, assets, and investments with automated reporting and instant, downloadable documentation that meets audit and regulatory requirements.

02 Full Compliance with IAS 36 and IDW RS HFA 10
Ensure your valuations are fully aligned with IAS 36 and IDW RS HFA 10, providing structured, high-quality assessments that stand up to internal and external scrutiny.

03 Customizable Workflows for Efficient Collaboration
Empower your team with an intuitive interface, easy data uploads, and customizable analysis settings, enabling efficient collaboration and tailored results for your organization.

Service Options

Self Service
On demand access, unlimited usage, and included technical support ideal for organizations seeking autonomy.

Managed Service
Dedicated PwC valuation specialists, tailored onboarding, and expert guidance at every stage.

Your Benefits

- ✓ Faster, more reliable impairment testing
- ✓ Audit-ready results with full compliance
- ✓ Transparent process with clear documentation
- ✓ PwC expertise and support, when you need it
