

OneTrust Readiness Check

For a fixed price, we assess your OneTrust setup and provide specific recommendations if we identify legal or technical areas for improvement or opportunities to leverage its functionalities

How it works:

EUR 9.500
(non-binding offer, subject to contract)

1 Setup

The client grants access to OneTrust and provides additional documentation regarding its use of OneTrust

2 Evaluation

PwC checks the provided information regarding:

Overall Integration

- Written documentation
- Fields of application
- Trainings
- Module recommendation

Data Collection

- Potential legal gaps in assessments and webforms
- Comprehensibility and potential for simplification and automation

Data Usage

- Intermodular data exchange
- Integration of 3rd party systems
- Status of reporting and dashboards

3 Readiness Report

PwC drafts a report providing:

I. The status quo of the analyzed components

II. A maturity assessment of the current setup

III. Legal or technical best practice requirements that should be covered

IV. Specific recommendations for improvement and for leveraging OneTrust technology

4 Workshop

PwC hosts a joint workshop to guide through the findings of the report and answers related questions
