

Data Protection Monitoring Dashboard

For a fixed price, we provide a standardized Microsoft PowerBI Dashboard that compiles OneTrust data (e.g. inventory) to provide a comprehensive system overview for better decision making and DP Risk Management.

EUR 19.900
(non-binding offer, subject to contract)

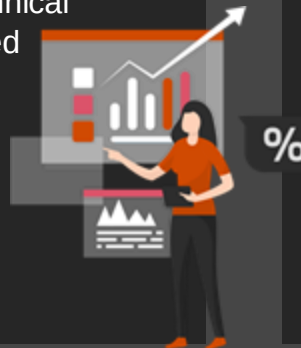

1 Setup

The client grants access to OneTrust and provides additional documentation regarding its use of OneTrust

2 KPI Evaluation

1. PwC discusses the required KPI's with client:
 - Execution of a kick-off meeting to create a list of KPI's
 - Definition of KPI priorities and key functionalities (e.g. filtering, visualization type etc.)
2. Review attribute landscape in OneTrust
 - Feasibility check for technical implementation of desired KPIs
 - Support with adjusting the OneTrust attributes (if required)

3 Dashboard Implementation

Iterative development of Dashboard incl. regular client feedback

1. Provision of dashboard wireframe to client for review

2. Dashboard development by PwC expert

3. Handover of dashboard to client

4 Deployment

Dashboard Go-Live support jointly with client:

- Provide access to client responsible key stakeholder (e.g. DP Officer / Manager)
- PwC outside-in view recommendations for continuous improvement of monitoring capabilities
